Tombetone was visited by one of the genuine old timers yesterday in the person of "Johnnie" Behan.

When Cochise was segrecated from Pima county at the legislative session of 1880 81, Gen. John C. Fremont was governor of Arizona. Among the list of appointees selected to fill the different positions, John H. Behan was named as sheriff. Those were the days when Tombetone was the typical frontier town and could always be relied upon to furnish at least one man for breakfast every morning.

The office of sheriff at that time was by no means a sinecure. The Earp boys, Doc Holliday, Luke Short, Bat Masterson, Cha-lie Storms, Dave Insurance Companies Neagle and other men with a reputation and handy guns, made Tombstone their habitat, and it required considdom of the New York law limiting the erable courage as well as a whole lot business of life insurance companies of diplomacy to fill the position of operating under the laws of the state, peace officer.

The ball game which was scheduled for vesterday on the local diamond be tween the Tombetone nine and the Courtland team was called at 4 o'clock p. m. with Tombetone at the bat The first exciting incident of the game was a strike by Dan Critchley which culminated in a home run, causing much excitement on both sides During the course of the games Frank Crable of the local team, stole four bases and made eleven strike outs Although Tombetone lost the game i was well played: the same was full of errors, and the local nine was shor five of its regular players, whose place had to be filled by outsidere. G. Headrick and George Brown also played exceptionally good bail, and the game was very interesting. The score was 9 to 4 in favor of Courtland The Courtland team are all good players and easily carried off the honors Following is the line-up of both

Is Captured

An El Paso dispatch says: In the arrest at LaPasa, a hamlet in Sonora in the Arizona border, of Francisco Durango, the Mexican officials believe they have captured the di ector of a gigantic smuggling scheme. Papers found on him indicated he carried on an extensive business in smuggling his many old friends and acqueint-Chinese across the border. It appears | ances. that he has gotten thousands of coolies into this country in the past few years. Hundreds of the Chinese have been captured by the immigration authorities in Arizona and the immigration headquarters at Tueson have been jammed with this class of prisoners for a long time. However by far the greater part of those smuggled across the line by Durango have succeeded in getting into this country without capture. The man is said to have had a number of associates help ing him on both sides of the line and further arrests are expected.

Tombstone Had a **Modest Celebration**

Despite the rain of vesterday Tombstone had quite a celebration in honor of Independence day, the Tombstone youth was in his glory and had firecrackers galore. During the morning Allen street was a scene of much merriment and excitement. That thoraughfare was converted into a racecourse and a number of prizes brought forth a surprising number of contestante. Sack races, potato races, foot acres and other exciting contests enlivened the day which was only abated by the rain about noon. In the afternoon the ball game between the Tombstone and Courtland nines brought out a good crowd at the ball grounds and was much enjoyed. Altogether Tombstone's celebration of the our natal day was safe, sane and eminently conservative.
